

## Using WASMA app for C4C

This document contains links which tell you how to use the WASMA app.

To set it up

1. Download the app from iPhone App store or the Android Play Store
2. Register, this requires some personal details and details of one of your cars, (Reggo and VIN No). This must match what is on your registration papers eg if your name is William do not put down Bill.
3. Also it is very important to have something in each box otherwise it will not upload.
4. Once you submit this, we will get an email notifying us that there is a new user.
5. Once you have been authorised you will be able to see the event calendars, and add more vehicles.

Once you are up and running

1. To Record a club day usage run
  - a. Find the event in either the "Events for Everyone" button or the "My Club Events" button. Note all these events are sanctioned by the TSOA-WA but most of the TSOA organised events will be in the "My Club Events" area.
  - b. Tap "the view more detail".
  - c. Fill out the boxes.
2. To record a private day usage run
  - a. Open app
  - b. click on 2<sup>nd</sup> square down on left "Upcoming Cruises".
  - c. Click on  in bottom righthand corner.
  - d. Complete the boxes on the screen.

### **WASMA App**

The following links help to explain how this app works.

Note

When Installing or using the App **every** box needs to have something in it - even a full stop will do.
